## POLITICAL.

The "Telegram" seems to be miffed very easily lately when the ADVOCATE dares to mention politics. It has a fool idea that the Government cannot hold down the job and the people are just waiting for the opportunity to elect Cashin, Crosbie or Bennett again. Our friend should really travel a bit before imagining any such tommyrot. Why if there were an election tomorrow in Burgeo the editor of the Telegram might poll 231 votes but we are sure he would not reach 250. And the other districts which elected this Government think just about the same. It is all very fine to try and stuff the people with a lot of political bunkum, and attempt to throw the blame for all the changed trade conditions on the Government, but the people are not fools. They know that this Government has to face conditions such as no other Government had to face; they know that if taxes have to be put on in order to carry on the public services of the Colony, one of the main reasons why such taxes are put on is because the lower cost of provisions and other goods naturally bring about a decreased revenue. If the prices of commodities had kept up the revenue would not go behind. The people know that even with the increased taxes in force, the prices of many commodities are very much below those of last year.

Every country is passing through exactly the same experience as Newfoundland. With regard to Railways, England has to face a bill of more than a billion dollars upon giving up control of British Railways. Canada has to face a deficit of over forty million dollars on last year's operation of its National Railways. The Tories are howling about a big decrease in Customs returns. They would, hide however, the fact that the customs returns for the month of May this year in Canada was ten million dollars short of the returns for the same month last year.

It might also be featured that as far as the public debt is concerned, the people of Canada are staggering under a debt which is just about double the per capita amount of this country.

Taxation in Canada is very much in excess of that under which our people have to pay, so that taking it all in all, Newfoundland has much to be thankful

on as any other that might be elected. It has a Government that believes in a future for the country, contrary to the expressed opinion of Sir John Crosbie that the country is on the rocks, that it can never recover, and that all there is to do is to wait for the funeral.

But there is no room yet for pessimists of that sort. Sir John has said that we would never be able to raise a Loan, but the Loan was raised while Sir John was sleeping. Sir John said last year that we should not have enough salt, but we had too much of it turned out. Sir John said that fish would be worth four or five dollars last fall, but thanks to the Government and Mr. Coaker the price was eight and ten dollars. It is only this, year when Regulations were dropped and the Opposition got in their work, that the fishermen are feeling the pinch of low prices for fish.

The people are sensible enough to see that in spite of the new taxes which the Telegram News and Opposition are shouting about, the Squires Government are asking for nearly two million dollars less from the public in taxation than last year.

This is a side of the public accounts that the Tories seek to hide, but it is a side that the people are wise enough to see.

## Outport Letters

"Shoulders Arms" writes on behalf of the north side of Salmonier and thanks the Liberal Reform Government for giving employment and helping people out since last Fall. He objects to the prices charge by some of the business men.

We were sorry not to print a splendid report of the big Orange Celebration at Bonavista in April which was sent us from King's Cove. A Bonavista report has already covered the event, but Mr. Eli Curtis of King's Cove wishes to extend the appreciation of the visitors to the kind people of Bonavista who treated them so well. The brethren of Bonavista could not do enough for the visitors from King's Cove, and the same can be said of the ladies. The notable event was one which will live in history and in the minds of all who took part.

A correspondent from Miller town Junction complains that the Railway office there is not open except when the train is in and asks that some attention be given to the matter.

J.A.S. of Nippers Hr. tells of a splendid parade of the good old F.P.U. which took place this Spring. After the parade, a high tea was served and a very enjoyable concert was given, after which supper was partaken of the happy event terminating at 2 a.m. He also regrets to note the death of Mr. H. H. Batstone, operator there. He was a very obliging official and always at his post and will be missed greatly. He leaves a wife and two children.

"Leo the Lion" writes from Cape St. John and notes how the fishermen have to laugh at the senseless political articles in the Telegram and Daily News. Ducks have been numerous the past winter, the old folks saying they do not remember seeing so many. The sky would be darkened sometimes by the army of ducks flying overhead. He praises the mail couriers for their work during the winter in storm and shine doing their work. Many men have given up tobacco being cured of the habit by "No-to-bac".

A respected resident of Shoe Cove N.D.B. has died in the person of Leander Adams leaving a wife for whom much sympathy is expressed.

### George's St. Adult Bible Class.

The Rev. D. B. Hemmeon, B.A., addressed a joint meeting of the Young Ladies' and Young Men's Bible Classes at George St. Church Sunday afternoon. His address was of a very high order and was greatly appreciated by all those present. At the close, the President, Mr. Barbour, presented Rev. Hemmeon with a gold mounted mountain pen, this being the last opportunity the Rev. gentleman will have of addressing the Class before leaving for Canada. The members feel that the Class as well as the community are losing a very talented and inspiring worker.

The S. S. Meigs arrived at North Sydney yesterday morning from this port, and will return with a cargo of coal.

## SOLDIERS AND SAILORS' PENSIONS AND GRATUITIES.

### REPORT PRESENTED TO THE LEGISLATURE.

A few days ago the Report of the Special Committee, appointed to consider the question of Pensions and Gratuities for Newfoundland soldiers and sailors, who served in the great war, and their dependents, was tabled. The report itself bears date May 30th.

The members of the Committee were Mr. H. Small, M.H.A., Chairman; Lieut.-Col. M. S. Sullivan, M.H.A. and Mr. F. P. LeGrow, M.H.A.

The Great War Veterans were represented on the Committee by Capt. H. A. Anderson, Convenor, Mr. N. A. MacLeod, Mr. C. F. Garland and Capt. G. J. Whitty, Dominion Secretary.

The Pension Commissioners, Hon. J. A. Clift, C.B.E., and Major W. H. Parsons, M.C., with Lieut.-Col. W. F. Rendell, C.B.E., completed the Committee.

The report may be divided into two sections, the first of which is appended:

#### REPORT.

The Select Committee appointed to confer with the accredited representatives of the Great War Veterans' Association of Newfoundland, the Board of Pension Commissioners and the Chief Staff Officer, Militia Department, in the matter of Pensions to Newfoundland forces who served in the Great War, beg leave to present to the House, the following report. The authority of the Committee is contained in the Resolution attached.

#### SITTINGS AND COMMUNICATIONS

Your committee held three meetings and examined seven witnesses. The communications were divided into those having reference to general subjects and individual cases. All individual cases submitted, were verified by the representatives of the Board of Pension Commissioners. The communications, having reference to general subjects in conjunction with the evidence given by the various witnesses examined, were carefully considered in connection with any proposed amendments to the Pension scale for Newfoundland forces.

#### PENSIONS.

From communications tabled and evidence given, it became clear to your Committee that the scale of pensions even with the 20 p.c. increase as granted widows, total disability pensioners, wives and children, was too low to ensure a reasonable standard of comfort for Newfoundland Pensioners. We are further of the opinion that a large percentage of the disabled men of Newfoundland are unemployed and in extreme need. Illiterate, disabled men who were engaged in manual labour, previous to enlistment, are debarred from pursuing their pre-war avocations, and are, as a consequence, only existing on the scale of Pensions now existing—e.g. Labourer lost a foot which disability incapacitates him from further employment of this kind and can only accept such jobs as watchman or similar light work. Pension, \$20.00 per month, regardless as to whether he is a married man with a family.

The increases, recommended in the schedule or rates under the present Act, are appended herewith.

1. Immediate payment of the balance of last year's bonus, which is a 10% bonus payable to all Pensioners, excepting A.B.C. & D. classes, (meaning widows, dependents, orphans and totally disabled men who are now in receipt of 20% increase, this being 30% less than Canada), January 1st, 1920 to December 31st, 1920.

2. 20% increase on scale of Nfld. pensions, excepting A.B.C. & D. classes, same to be retroactive to January 1st, 1921, and to remain in effect until June 30th, 1921. We have ascertained from figures supplied by the Board of Pension Commissioners that a sum, sufficient to cover this proposed increase, is still available from last year's additional estimates.

3. Adoption of Canadian Scale of Pensions and Allowances in their entirety by the Newfoundland Government from July 1st, 1921, same to remain in effect until such time as the Canadian Government reduces scale as adopted by them.

Then follows a table of the proposed increases of the Canadian Scale is adopted. Summarized it places the

pensions of all ranks and ratings up to the amount paid to Military Lieutenants and Naval Sub-Lieutenants, proportional amounts of pension and bonus to be paid for disabilities less than total. Thus the total disability pension will be a uniform \$900.

The pension for widows is based on similar lines, with \$720 as the basis.

"The total estimated liability," says the report, "as ascertained from approximate and exception to same was \$294,660. This estimate is only approximated by Major Parsons is taken by the G.W.V.A. representatives who believe this amount to be less."

(To be continued.)

### Insurance Scheme.

While the commission was active the G.W.V.A. representatives requested permission to bring to our attention the question of an Insurance Scheme. While being cognizant of the definite duties of our appointment assent was given to have this matter brought to our notice. It was felt that much unnecessary delay would result in further authority being asked for. We therefore after careful perusal of the scheme, recommended to your consideration the scheme of Insurance for Soldiers, Sailors, Nurses and Widows as attached.

#### INSURANCE FOR RETURNED SOLDIERS, SAILORS, NURSES AND WIDOWS.

The Parliamentary Commission Representatives of the Great War Veterans' Association of Newfoundland suggest enquiry into some plan whereby the handicap imposed on the disabled men and others in the matter of life insurance may be overcome.

It is clear that many returned men who are in receipt of pensions find themselves either unable to secure life insurance at all or are called upon to pay premiums at distinctly higher rates than those demanded from standard lives.

If these men die from causes other than service their dependents will, except in certain cases, receive no pension under the pensions act, and in the absence of life insurance much hardship may result. In the case of the soldier dying during service from whatever cause, the widow and dependents receive a pension for the reason that all deaths occurring during service were deemed attributable to service. Now that the war is over it is essential for pension purposes to distinguish between deaths due to service and those due to other causes.

The proportion of the former tends to decrease and the latter to increase with the lapse of time. The remedy for the hardship pointed out appears to be a system of life insurance and the Special Committee of the G.W.V.A., having considered several proposals which have been brought in effect by the Canadian authorities, recommend that this insurance plan as adopted by them is worthy of the utmost consideration on the part of the Newfoundland Government. The materialization of this plan would ensure that all returned soldiers and sailors would be insured at the lowest rate compatible with safety. The chief features of the Insurance Scheme would be as follows:—

1. Any returned soldier, sailor, nurse or widow with one or more children, whose husband died on service, also in the case of a widow of a returned soldier whose husband died after demobilization, the cause of same being attributable to service, may insure with the Government of Newfoundland or authorized Insurance Co. appointed by them to an amount of and from \$500.00 to \$5000.00 provided they are domiciled and resident in Newfoundland.

2. This insurance would be available without medical examination and would therefore be available to all, no matter what their condition of health may be, provided that his present rate of disability can be attributed to service.

3. The rates of premium would

vary with the age of the insured and with the type of policy issued, that is to say whether it is a straight life policy or a policy to be paid for in ten, fifteen or twenty years. All rates to be payable in advance and may be paid monthly, quarterly, half yearly or yearly as desired. The schedule covering premiums in Canada shows that at the age of 25 a straight life policy for \$1000.00 costs \$1.24 per month or a yearly payment of \$14.88. This rate although based on a recognized table of mortality does not include the cost of administration and so forth, as these expenses are borne entirely by the Canadian Government.

4. The beneficiaries under the policy are restricted to the wife, husband, child, grandchild, parent, brother or sister of the insured.

7. If on the death of the insured, it is found that a pension or pensions become payable, the persons eligible as beneficiaries under the policy, the total present value of such pensions shall be deducted and there shall be returned the proportionate part of the premiums paid with interest.

8. This policy cannot be assigned or transferred and the monies payable thereunder are not subject to the claims of the creditors.

9. The time limited for this Insurance Scheme to be in effect to be three years from the date of authorization.

In presenting these recommendations to you we are mindful of the number of men who cannot pass the medical examination necessary for insurance on account of disability received during service. We do not anticipate that it would be necessary to maintain a costly organization. One capable insurance official should be able to handle the whole scheme. We further think that this scheme, if adopted, would not entail financial loss to the Government. It is hoped that this very desirable scheme will meet with your earnest consideration.

### Civil Service Positions.

There was submitted to your Commission by the Great War Veterans' Association claims that the returned men had some doubt as to whether their claims were receiving proper attention. They ask that preference be given the returned men in every case where they have the necessary ability and the principle "Where all things are equal that the returned men be given first preference."

Your Committee respectfully recommend this request to the Government.

Your Committee begs to submit herewith for the information of the House a copy of its proceedings, also certain papers and records submitted to the Committee, but not contained in the proceedings.

All of which is respectfully submitted.

(Sgd.) H. SMALL,  
Chairman.  
M. S. SULLIVAN,  
F. LeGrow.

Q.—Why are so many people married in June?—L.S.F.

A.—In the time of Ancient Rome, Juno, wife of Jupiter was the patroness of many marriages. May, named for the goddess Maia, was considered unpropitious, while March was named for Mars, the god of war, and would therefore be a poor time to marry, since family disputes might follow.

## Local Market

(Saturday's Trade Review.)

**FLOUR**—In the local market flour was extremely scarce again this week. The demand on stocks for Fishery supplies has been at its height since June first, and as fast as it comes in is absorbed. There was an absolute clean up till the arrival of the S. S. Maplelawn yesterday from Montreal. The wheat market (future option) shows considerable weakness, but cash wheat is firm at last week's quotations. The price of best Manitoba Patent in the St. John's market is \$13.50 wholesale.

**PORK**—The general condition of the pork market shows no appreciable change. A fair movement of live stock is reported by the packers, but the demand is not particularly active for this season. The export to Europe and Continental Europe has been handicapped by the price of sterling exchange this week. The imports to the local market this week were 550 barrels, putting the total up to 6,285 barrels, which is short of last year to date by 7,750 barrels. Prices are the same as quoted last week.

**BEEF**—The Beef market is quiet and prices continue unchanged. United States advices this week report a little better demand in cattle for export, but not any way near such volume as is notable to this season. A leading importer here gives it as his opinion that under all the circumstances the price of beef is not likely to decline any lower this season. It must be borne in mind that when all the charges are taken into account freight, duty, exchange, cost of packages, etc., are deducted, the original producer is away below where he was in price before the war. The imports for the week were 827 barrels.

**SUGAR**—The market shows very little change. The sales tax has the effect of adding a half cent per pound making today's selling price 13 cents per pound wholesale and 14 cents retail. There is an ample supply in the market and the consumption has declined about 25 per cent, since the new crop of cheaper molasses has come on the market. The total imports of sugar since New Year to St. John's is 33,692 cwt. against 44,412 cwt. this time last year.

**MOLASSES**—The schr. Dazzle arrived from Barbados bringing 221 puncheons, 50 barrels and 100 half-barrels of molasses, this week. This brings the total, to date, up to 2,322 puncheons. The schooner Isobel Moore is now due with a load and the Hazel Trahey is also loading. The imports this date last year were 3,243 puncheons. Prices in the local market are—

S.S. "Digby" arrived 11:30 this morning.

S.S. "Mapledawn" sails tomorrow morning for Montreal.

taken from the figures of the U. S. Department of Agriculture. The cured herring in cold storage are 40,410 barrels compared with 63,224 barrels in 1920 and 92,632 in 1919. From the above it will be seen that the market for cured herring in the States should soon show some improvement.

**FLOUR**—In the local market flour was extremely scarce again this week. The demand on stocks for Fishery supplies has been at its height since June first, and as fast as it comes in is absorbed. There was an absolute clean up till the arrival of the S. S. Maplelawn yesterday from Montreal. about as low as they will be this season, 80 cents for Fancy and 70 cents for Choice new molasses. There is some old molasses that sells for five cents cheaper.

**POTATOES**—There is an abnormal scarcity in the local market at present. It is true that the "Sable I." brought in 1,000 sacks but they were all absorbed in 24 hours. The "Mapledawn," due from Montreal is bringing a large shipment which will keep the market going. The price is standing at \$3.50 for P. E. I's. and all other imported stock and this rate will likely be maintained till the new crop is available. There are no home-grown worth while offering.

**HAY**—The cable news from Quebec this week to dealers here indicates that the outlook for the new crop is unsatisfactory owing to lack of moisture and intensely hot weather. The prospect for low-priced new hay is therefore not promising. The local market is unchanged and prices hold at \$4.00 for timothy and \$3.00 to \$4.00 for small lot clover. A fair supply in stock. The arrivals the past week amounted to 200 tons.

**PAT**—The market is a little weaker but not quotably lower so far. The quotation for mixed in the St. John's market is \$3.50 to \$3.70 per sack and for white \$3.70 to \$3.90. There is no black coming in. The local market is well supplied. The arrivals this week were 2,454 sacks by the S. S. Winona. The cat market will, no doubt, continue to move in sympathy with other grains.

**FEEDS**—The quotations for feeds is a little firmer due to the advance in corn. The price of Hominy is \$3.00 to \$3.25 per sack and of Yellow Corn meal, the same. There has been a slack demand for feeds of all kinds the past month or so as the cattle have been finding good grazing.

## RUSSIAN BOLSHEVISTS RENDERING ASSISTANCE TO TURKISH NATIONALISTS.

### Conference Between Paper Makers And Manufacturers Closes Without Results.

### General Strike Threatened In Britain, But Some Miners Resume Work.

#### HUNS PLAYING AT JUSTICE.

Brussels, June 18.—The Minister of Justice in presenting to the Chamber of Deputies yesterday the report of Belgian representatives on the recent acquittal by the Leipzig Court, which is trying war criminals, of Max Randoehr, a Leipzig student, charged with the ill-treatment and imprisonment of Belgian children at Grammont in 1917, announced that the Minister of Foreign Affairs has telegraphed the Belgian Minister in Berlin immediately to protest against the acquittal. The Minister at Berlin also was instructed to inform the German Government that Belgium intended to insist upon its right to try accused persons under the terms of the Versailles Treaty, which recognizes the right of Allied and Associated Powers to bring before a military Tribunal, persons accused of having committed acts in violation of the laws and customs of war.

#### BOLSHEVISTS ASSIST TURKS

Paris, June 18.—Russian Bolshevik forces sent to the assistance of Turkish Nationalists by the Moscow Soviet Government are at present sixty miles west of Erzerum, former capital of Armenia, says a Reval despatch to the Excelsior. These forces include two divisions of infantry, one division and one brigade of cavalry, besides artillery and technical units. The 11th Soviet army, numbering sixty thousand, is said to be following at a short distance.

#### ANOTHER ATTEMPT AT COMPROMISE.

London, June 18.—Adjournment of the debate in the House of Lords yesterday after weighty arguments by Lord Buxton and Viscount Bryce in favor of amending the Home Rule Bill, and entering into negotiations with moderate Sinn Féiners, together with the announcement that the Government would reply on Tuesday, brought out new peace rumors yesterday. The idea generally favored is that some prominent men like Jan Smuts, South African Premier, Viscount Grey and the Earl of Derby should be designated by the Government to meet delegations representing the Northern and Southern Irish Parliaments, and endeavor to negotiate an acceptable compromise.

#### RIOTS IN JAMAICA.

Kingston, Jamaica, June 18.—Serious rioting among laborers on a pure sugar estate in Cuba is reported in advices received here. The riots broke out when the laborers were unable to obtain their wages, one of the managers of the estate and four others were killed.

#### SOME MINERS TO RESUME DESPITE BALLOT.

London, June 18.—The Executive Committee of the Miners' Union, which met this morning to consider the coal strike situation, decided to ask all trades unions affected by wage disputes to meet the miners' representatives at an early date with object of taking national action with the miners to secure their mutual demands. Secretary Hodges of the miners said this implied a general strike, if other unions agreed. Many thousands of miners who did not participate in balloting, as well as many who voted for acceptance of the owners' settlement offer, are preparing to resume work on Monday in response to notices posted at several pitsheads, announcing that the works would open to-morrow night, according to the miners' representatives.

### "I'm From Missouri!"

C.L.P., Clark-Mills, N.Y.—Please give the origin and explain the meaning of the expression "I'm from Missouri." The phrase "I'm from Missouri, you've got to show me," was first used by W. D. Vandiver, representative from Missouri in Congress, and in consequence the State has become known as the "Show me" State. The phrase means "I am not easily taken in; I am on the alert against deception."

Q.—What is a chinook wind?—C.H. A.—This is a name given to a strong, warm and dry south or west wind descending the eastern slopes of the Rocky Mountains into Montana and Wyoming, evaporating or melting the snow and bringing great relief in cold weather. The name was probably given it because it blew from the territory occupied by the Chinook Indians.

## Britain Will Be Party To No Alliance Directed Against America, Says Chamberlain.

## Australian Population Shows Near Million Increase.

## Red Terror Spreading Through Upper Silesia.

**BRITAIN, JAPAN AND U. S. A.**  
London, June 17.—Austen Chamberlain declared in the House this afternoon, with regard to the renewal of the Anglo-Japanese Treaty, "although I do not in any way wish to prejudice the action of the Imperial Conference, it is right to say at once, we shall be no party to any alliance directed against America or under which we can be called to act against America."

**TO AID SUGAR PLANTERS.**  
Kingston, Jamaica, June 17.—Owing to serious financial depression here, due to the fall in the price of sugar, the Government proposes to come to the aid of Jamaica sugar planters. It is proposed to raise a loan of two million dollars, probably in the United Kingdom.

**RED OUTBREAK IN SILESIA.**  
Berlin, June 17.—Bolshevism, which Russian, French, German and Austrian Communist leaders are known to have been planning, has broken out in the Polish insurgent forces under Korfanty in Upper Silesia. According to a despatch received here, Red flags have been hoisted in various parts of the industrial district. A central headquarters have been established, money levies have been demanded and men pressed into the Communist service. Some of Korfanty's officers have deserted to the new movement and are reported to be reorganizing a Red army.

**AUSTRALIA GROWS.**  
London, June 17.—Australian census figures show that the commonwealth has a population of 5,419,702, an increase of 970,000 over 1911.

**SINN FEIN IN LONDON.**  
London, June 17.—A campaign of widespread cutting of railway and signal wires and burning of signal cabins around London, attended by violence against signalmen, was carried out last night by "Sinn Fein" and members of the Irish Self Determination League. Nine men were arrested. Official police statements say "All the men arrested give local addresses. They are young Irish men between 17 and 22. It has been known for some time that the heads of the Irish Self Determination League in London have been in correspondence with the so-called Irish Republican Army which has been committing murders and outrages in Ireland."

**TURK NATIONALISTS IN A DILEMMA.**

Constantinople, June 17.—The Greek offensive against Turkish Nationalists has been halted while financial decision of the British to back up the Greeks is pending. In any case, however, the Turks are badly placed. This offensive would be of the purpose of maintaining the prestige of King Constantine. It is believed here that the British are waiting to see if the Nationalists (Turkish) are willing to accept the revised Sevres Treaty. The Nationalists are in a dilemma, they are afraid of both the British and of Russian Bolsheviki, and they are closely watching Enver Pasha, who is acting as Soviet Embassy in the near east. The Nationalists desire to meet the Allied viewpoints, but Enver is trying to overthrow Mustafa Kemal, head of the Nationalist Government. The Nationalists wish, in case of the acceptance of the London modifications to the treaty that the Allies will agree to protect them against the wrath of the Bolsheviki.

**MINERS' LEADERS CALLED TO ACCOUNT.**

London, June 17.—The result of the British miners vote on the question of accepting the last offer of the coal owners will not be fully known till late today, but the bulk of figures now available, show that the ballot has gone heavily against acceptance. The miners' leaders, many of whom expected a different outcome, have received an unpleasant surprise, and it is felt that even if a complete ballot does not give the requisite two-thirds majority to strike, a very different situation has been created for which the men will hold their leaders largely responsible. The way the dispute has been allowed to drift, and the failure of the miners' leaders to offer advice or recommendations to districts on the issue involved, are said to be causes of serious dissatisfaction in some quarters, and the consequence may be that the men will now take matters into their own hands and gradually return to work under their own arrangements. The ballot appears to have been taken in the most casual way. The Miners' Federation has about one million members but probably the majority did not bother about voting.

**STRIKE TO CONTINUE.**  
London, June 17.—The ballot of coal miners on the question of strike settlement favors a continuation of the strike. It was officially announced this afternoon. The vote stood 183,828 for acceptance of the owners' terms and 432,511 against.

**PEACE DRAWN AT COLOUR LINE.**  
Denver, June 17.—A demand that Congress take action to protect the Nation's interests against the growing menace of Japanese immigration and colonization, is made in a resolution submitted to the annual Convention of American Federation of Labor.

**ANOTHER COALITION WARNING.**  
London, June 17.—Sir H. Carlyle, Coalition-Unionist, was defeated in the bye-election in Hertford constituency, rendered vacant by the resignation of Pemberton Billings, independent, by Rear Admiral E. M. F. Sueter running on an anti-war ticket. The vote stood 12,324 to 5,553.

**AN INTERNATIONAL MATTER.**  
Smyrna, June 17.—United States citizens are being impressed into the Greek army by agents of the Athens Government and George Horton, United States Consul General here, has made a vigorous protest to Governor General Stefaniou against continuance of the practice.

**PHILIPPINES BANKRUPT.**  
Washington, June 17.—The Philippine Government is facing bankruptcy, Major General Leonard Wood and former Governor General Forbes declare in a cable message, transmitted today to Congress, by Secretary Weeks, who asked immediate action on a bill, authorizing the Island Government to increase the limit of indebtedness from fifteen million to thirty million dollars.

**AN INTERESTING DEBATE.**  
Oxford, June 17.—In the first international intercollegiate debate three students, representing Bates College of Lewiston, Maine, lost to representatives of Oxford University by a vote of 90 to 253. The Bates debaters took the affirmative of the resolution, "this House approves the United States policy of non-intervention in European affairs."

## ENSURING PURE MILK.

For the past two weeks Inspector E. Lawlor has been making the rounds of the city taking stock of the quality of milk sold here by the milk vendors. He is supplied with proper apparatus and takes the sellers as they come indiscriminately. At first he found a good deal of the article thin, watery or skimmed but lately there is a great improvement. He entered no prosecutions but in future those who transgress will appear in the courts. The employment of such an official is a step in the right direction.

## Saturday's Cables.

## TWELVE TO ONE.

Cork, June 17—Two auxiliary constables were killed and four wounded on Thursday evening in an attack on their lorry by Republicans at Rathcoole, near Banteer, County Cork. It is officially stated that four mines were laid on the road near Rathcoole and that three of them exploded wrecking three lorries. After this three hundred civilians attacked the auxiliaries who numbered twenty-five. Fighting continued for hours but eventually the Republicans withdrew. The official statement says that constabulary scoured the countryside until early this morning. One Republican was found dead but other dead or wounded are believed to have been carried off.

## ONE STRIKE CALLED OFF.

Manchester, June 17—Following the action of the United Textile workers at a joint meeting accepting the employers' offer for settlement the strike in Lancashire was called off to-day. The settlement involves an immediate wage reduction of forty-six pence to the pound, and further reduction of seven pence at the end of six months.

## ANGLO-AMERICAN FRIENDSHIP.

London, June 17—Sir Samuel Hoare, Unionist, speaking in the House of Commons to-day concerning the agenda of the Imperial Conference, to open here on Monday next, made a strong plea that the Conference "consider among its most urgent duties the removal of any difference which might at present exist between various branches of the Anglo-Saxon race." He urged that in framing the Anglo-American Treaty it be modified so as to meet United States objections as far as possible. Referring to Anglo-American relations, Sir Samuel said he hoped that during the Imperial Conference "our own representatives and Imperial Premiers will be kept in closest touch with public opinion in the United States, and with its representatives here. There is scarcely any sacrifice I would not undertake to strengthen that friendship."

## BREAD CONTROL IN GERMANY TO CEASE.

Berlin, June 17—Compulsory delivery of 2,500,000 tons of grain by Germany out of this year's harvest is provided for in a bill adopted by the Reichstag today after a stormy debate. Bourgeois parties, advocating the measure were solidly opposed by three Socialist factions. The latter demanded a national reserve stock of 4,500,000 tons, which would amount to a continuance of the present system of Government control. The present action is the first step towards abolishing control permanently in 1922. German producers, by virtue of the bill will be permitted to dispose of their surplus stocks in open market after having turned in the required total of 2,500,000 tons. The Socialist organ this afternoon severely rebuked the Reichstag for adopting the measure, charging it will automatically result in an increased price of bread and flour, as powerful interests in that commodity, now no longer under rigid Governmental scrutiny, will be permitted to fix their prices of their own liking.

London, June 17—The Pall Mall Gazette to-day prints an article on the seizure of arms on board the steamer Eastside, in Hoboken, in which finding of the weapons is described as a triumph for the British secret Service.

## COTTON MILLS STILL CLOSED.

Manchester, England, June 17—Although the Textile Workers Association, representing all branches of the cotton industry, voted to-day to accept the employers' offer for settlement of the cotton strike, which occurred, the spinners' delegates refused to sign the agreement until it had been approved by their members in various districts. Meantime the mills will remain closed.

## FRANCE'S NEAR EAST POLICY.

Paris, June 17—Premier Briand refused to reveal to the Chamber of Deputies to-day details of his negotiations for peace in the Near East. He assured the Deputies that the Government had no intention of involving the country in a war adventure, and that it was seeking pacification of the Near East without sacrificing France's traditional interests.

The Schr. "Electric Flash" arrived from the Grand Banks a couple of days ago to St. John's with 1,000 qts. codfish.

## Sachem Arrives.

St. John's, June 17—G. L. Sachem, Commander of the S.S. Sachem, arrived from Liverpool yesterday. The Sachem had been away until Thursday when she ran into difficulties for which continued till the steamer reached St. John's. A number of icebergs were encountered when nearing the coast which caused a menace to shipping making the trip. The Sachem brought a small amount of freight and the following passengers:—E. L. Ashbourne, Mrs. G. Ashbourne, Mrs. M. Bremner, Capt. J. D. Campbell, R.N., Mrs. Campbell, Miss J. Campbell, Master N. D. Campbell, Miss G. E. Caswell, W. Frew, A. T. Goodridge, A. C. N. Gowing, J. A. ## Living The Christ Life.

A STORY TOLD BY DR. GRENFELL.

At Cochrane Street Church yesterday morning and at Gower Street Church last night, the speaker was Dr. Grenfell, C. M. G. It is some time since the writer has been privileged to listen to an address by the Doctor, who speaks with a conversational fluency, that is not only pleasing but effective. The theme of his address may be defined as "The Privilege of Service." His illustrations, and they were many, were apt and inspiring. The Mission's medical work has conferred immense benefits on the Peninsula of Labrador and on Northern Newfoundland, indeed upon all sections of the Island, for St. Anthony has long been a Mecca for the sick and suffering in places remote from the Capital. One story told will not readily be forgotten. While at Battle Harbor the Doctor was called on by an old-clad fisherman with the request to visit a sick man in a small village some seven miles away. Arriving at the scene he found a welcome awaiting him from the good wife and family, who, out of their poverty, gave of the best they had. The patient was in a loft over the bedroom, dying in the last stages of peculiarly virulent cancer. So malignant was the growth that the wife dows at either end were continually open, so that the wind might blow the little dwelling sweet and pure. Aged mother, stone blind, and a young man, when leaving, the fisherman told the Doctor that he was very grateful, but had no means to pay him. Supposing that the sick man was a relative, the Doctor asked a few questions. "No Sir, he is not a relative," was the reply. "Where does he come from?" "Well Sir, I know little of him. I found him at—mentioning small Cove some distance away, and he was dreadfully ill, so I brought him here." "Why did you do that?" asked the Doctor. The man could give no reply. Dr. Grenfell supplied the answer. This poor fisherman in his ignorance of creeds and of theology, knows he knew little of the Christian religion, but he lived the Christ life, and living it promoted him to perform an act of brotherly sympathy, whose bounty enriched his life as its charity blessed the recipient. The grandeur and nobility of self-sacrifice has rarely been better illustrated. A poor man and a faithful wife, deprived of life's necessities at command, take to their little dwelling, a strenuous suffering from a loathsome and curable disease, for no other reason than because he was in distress. To what church the good Samaritan belonged the Doctor knew not, but this man lived Christianity, and him was the message, "Inasmuch as ye have done it unto one of the least of these My brethren ye have done unto Me." The contrast between the little sacrifices of those who are opportunities and the great sacrifice of these humble fisherfolk, with whom was lightly touched on but the arrow must have gone home to many a heart. The story was told fearfully by the Doctor, and amongst other experiences, confirmed him in that optimism which, despite the sadness and the darkness which enshroud the world to-day, he professes and rejoices in.

## Mr. Earle Spicer Will Sing To-Night

Mr. Earle Spicer, a famous Baritone, who is a passenger from England to Halifax by the S. S. Sachem, will sing at Miss Marjorie Hutchings' Recital in the Methodist College Hall to-night. Mr. Spicer is a graduate of Mount Allison Conservatory of Music, and since graduation has studied under the celebrated Victor Biegel in London. Both Miss Hutchings and Mr. Spicer, while at Mount Allison, were pupils of Miss Lucia Fyde.

## To-Night's Game.

To-night the Star and Cadets will kick off at St. George's Field at 7.30 o'clock. Both teams are in extra good form and an exciting contest is anticipated. Their line-up will be practically the same as in their previous games. The Cadets are making a change in the position of their forward line and it is likely Maddigan will be playing outside right, with Flynn playing centre. The Star are also making a slight alteration in their line-up and with the Toronto man doing his part the game will be well

## PERSONAL.

Miss Jean Milley arrived from England by the Sachem yesterday.

Dr. J. B. O'Reilly was a passenger from England by the Sachem.

Mr. S. K. Smith Trade Commissioner at Oporto returned home by the Sachem yesterday.

Mr. and Mrs. W. Frew who had been spending the winter in England arrived by the Sachem.

Mr. J. C. Hepburn who has been on a short visit to Scotland returned by the Sachem yesterday.

Mr. P. F. Collins left by yesterday's express on a six weeks business trip to Canada and the States.

Mrs. Macpherson, widow of the late Archibald Macpherson, Managing Director of the Royal Stores Limited, returned by the S. S. Sachem.

Mr. A. R. Thistle of the Canada Life Assurance Co., leaves by tomorrow's express for Toronto to attend the Company's Annual Outing.

We learn that Mrs. R. J. Deveraux, who has been Acting Cuban Consul for some time, will continue to act as such until a permanent appointment has been made.

Mr. E. R. Bowring, High Commissioner for Newfoundland, will leave St. John's to-day for Toronto to attend the Company's Annual Outing.

Mr. C. Burnstein, eldest son of Mr. Burnstein, Lumber Tailor, arrived by the Sachem yesterday from England. Mr. Burnstein has been absent for some time and has been in all parts of the world. His many friends are glad to see him home once again.

Amongst the passengers by the Sachem to-day this morning, is Mr. Penman, who has successfully passed the examinations at Mount Allison College, and been awarded a scholar's certificate. To her, and all successful students from abroad, who have already returned or are returning, congratulations are extended.

Amongst the arrivals by the S. S. Sachem is Sir Roger T. Twyden, K.C., who is the tenth Baronet of the name, and evidently comes from a long line of family, as the Baronetcy dates to the year 1611, when the Barons of England were created by King James I. He is, or was, a member of the Royal Navy, and is now on the sunny side of 30. Rumour has it that his visit is in connection with Government matters, but better rumour is justified in its utterance remains to be seen. Newfoundland will, at least, extend a cordial welcome to her distinguished visitor.

On Tuesday last the Andover Theological Seminary, Cambridge, Mass., U. S. A., held its 113th Anniversary. Theological Degrees were conferred on six students, amongst them the Rev. Louis Germaine Hudson, son of Alan Hudson, J.P., of Lower Island Cove, and a member of the Newfoundland Methodist Conference. Mr. Hudson graduated B. A., at Toronto in 1917, M. A. at Harvard in 1920 and now S.T.B., at Andover. To the successful Theologian we extend the cordial congratulations of his many friends in his native Newfoundland. Mr. Hudson delivered an address on "The Religious Value of the Apocalyptic Hope."

## Methodist Conference

The Ministerial Session of the Methodist Conference opens in Gower Street Church to-morrow morning at 10.30 o'clock. In the afternoon the Nominating and Stationing Committee meet, and at night the Statistical and Religious Education Committee. Several Ministers and Delegates have arrived, and the others are expected to reach the city by to-day's express. At 4 p.m. to-day the Probationers' Record Committee consisting of the Chairman of Districts, Secretary of Conference and Board of Examiners meet in Room 4.
